Fully Outsourced Fraud Solution

ClearSale provides a merchant with a straightforward, optimized decision: **accept** or **reject** each order.

- Prevent fraudulent activity in e-commerce stores
- Convert any falsely declined transactions into approved orders
- Compensate for losses related to fraudulent chargebacks.

Because we review every suspicion of fraud, we find every good order – which means merchants get the highest approval rates in the industry.

Customizable Fraud Solutions

We combine our fraud expertise with your business drivers to create a custom fraud solution that fits your exact needs.

We call it “e-commerce magic.”

You know:

- Your most profitable products
- Your general customer profiles
- Your VIP customers
- Your target markets

We can:

- Prioritize these products across our analytical processes.
- Develop procedures to support your customers in the most appropriate ways.
- Tailor our playbooks to offer a higher-level of support for them.
- Provide industry-specialized fraud analysts, available 24/7 with multi-language capabilities.

Business Process Consulting

ClearSale delivers the most comprehensive solutions for enterprise-level merchants in today’s fraud protection industry.

In addition to fraud prevention for card-not-present sales in the digital world, we also offer strategies to protect your card-present sales in the physical world — including support for brick-and-mortar retailers, telecom companies, banks, card issuers, door-to-door sales, and more.

You gain instant access to the knowledge and insights only obtained through years of focus — giving you an immediate and sustainable competitive advantage.

Reduce fraud, increase approval rates and retain your customers
